## DETAILED ACTION

### *Election/Restrictions*

1. Restriction is required under 35 U.S.C. 121 and 372.

This application contains the following inventions or groups of inventions which are not so linked as to form a single general inventive concept under PCT Rule 13.1.

In accordance with 37 CFR 1.499, applicant is required, in reply to this action, to elect a single invention to which the claims must be restricted.

Group I, claim(s) 1-27, drawn to a method and apparatus for conducting an assay.

Group II, claim(s) 28-30, drawn to a sample holder.

Group III, claim(s) 31-35, drawn to a diffractive element holder.

Group IV, claim(s) 36-38, drawn to a method for manufacturing a substrate.

2. The inventions listed as Groups I-V do not relate to a single general inventive concept under PCT Rule 13.1 because, under PCT Rule 13.2, they lack the same or corresponding special technical features for the following reasons: the inventions of Groups II and III have no common special technical features, either with each other or with Groups I and IV. The inventions of Groups I and IV have as a common technical feature the presence of an excitation source and a light diffracting means. However, these technical features alone do not define a contribution over the prior art and further are directed to solving different problems. Specifically, the features in Group I are related to sample analysis whereas in Group IV are related to fabrication of a substrate.

3. Applicant is advised that the reply to this requirement to be complete must include an election of the invention to be examined even though the requirement be traversed (37 CFR 1.143).

4. Applicant is reminded that upon the cancellation of claims to a non-elected invention, the inventorship must be amended in compliance with 37 CFR 1.48(b) if one

Art Unit: 1743

or more of the currently named inventors is no longer an inventor of at least one claim remaining in the application. Any amendment of inventorship must be accompanied by a request under 37 CFR 1.48(b) and by the fee required under 37 CFR 1.17(i).
